Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114.

Applicant's submission filed on 1/26/06 has been entered.

the broadcast wave, and “a preview state judging subunit for (a) judging whether a predetermined period has passed since a start of the reception of the broadcast wave if the contract judging means determines that *the subscription contract is not made*, “(b) determining that the preview state is established during the reception on judging that the predetermined period has not passed”, and “(c) determining that the prohibited state is established during the reception on judging that the predetermined period has already passed” because the preview judging subunit is determined based on the status condition of the contract judging subunit, the predetermined period has passed or not during the reception of the preview state, and the predetermined period has passed or not for the determination of the prohibited state.
